

Communications for Distance Learning

For your use in the event of extended school closure.

Pupils can use Show My Homework to pick up the work they should be doing at home. Teachers will check Show My Homework to make sure pupils are accessing the work they have been set. Some tasks may require you to submit work online. A link explaining how to do this can be found on the school website (www.oldburywells.com), in the Learning Zone section.

Years 11 and 13 will find additional information on the school website referring to revision resources and plans. This is in the student section of the website.

The school website includes how to use ICT at home and useful learning links in a newly created Learning Zone. Use this new section to help guide distance learning.

We know communication is key for us all right now. Here are some key contacts:
